CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 879

Introduced by Assembly Member Bocanegra

February 22, 2013

An act to add *and repeal* Section 24416.23 ~~to~~ of the Revenue and Taxation Code, relating to economic development.

LEGISLATIVE COUNSEL'S DIGEST

AB 879, as amended, Bocanegra. Emerging technology and biotechnology company: income taxes: net operating losses: transfers.

The Personal Income Tax Law and Corporation Tax Law impose taxes measured by income, and allow individual and corporate taxpayers to utilize net operating losses as carryovers and carrybacks of those losses for purposes of offsetting their individual and corporate tax liabilities.

This bill would require the Treasurer, in cooperation with the Franchise Tax Board, to establish a corporation business tax benefit certificate transfer program, *for taxable years beginning on or after January 1, 2014, and before January 1, 2019*, to allow a qualified transferor, defined as a new or expanding emerging technology and biotechnology company in this state with unused net operating losses, to surrender those net operating losses for use by a taxpayer subject to the Corporation Tax Law in this state in exchange for ~~private financial assistance~~ *a cash payment* to be provided by that taxpayer to assist in the funding of costs incurred by the new or expanding emerging technology and biotechnology company, as provided.

This bill would provide that any net operating losses that are transferred pursuant to a corporation business tax benefit transfer

certificate issued to a taxpayer is allowed beginning on or after the first day of the 4th taxable year after the date of issue of that certificate.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
